Dear Mr Baker,

Thank you for your nice letter, the tape of your concert and your Ragtime. I enjoyed each of them very much. My very special congratulation for you and your partners to have performed the Suite with so few rehearsals. I recently had the chance to conduct several of Dick Hyman's arrangements written for a T.V. show.

Now about your requests :

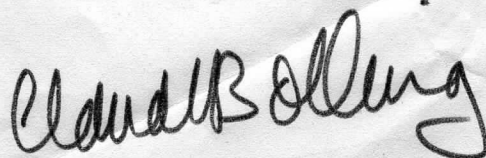

- The sonata for 2 pianists is available at Chappell publication 25, rue d'Hauteville - 75010 Paris.

- The Guitar concerto is supposed to be published by Hansen, I hope it will be release soon.

- A la Française is not published but my copist could send you a photostat of the score. The easiest way would be for the music to be sent "collect", same thing for the Piano Concerto **SCORE**.

I want you to know that I have just finished a new Suite written for violin, piano bass and drums.

With all my best regards,

Claude Bolling
